Sam Glenn is an award winning keynote Speaker, performance artist and author who delivers a mix of entertaining and inspirational speeches that ignite personal and professional positivity +!

Sam Glenn's motivational speeches are gleaned from his own life experiences of successes and failures. Having lost a very successful business due to a fire, Sam became negative, broke, depressed, jobless and homeless – almost overnight. It was a chance encounter and subsequent friendship with Zig Ziglar that eventually gave Sam a "Kick in the Attitude." It was a gift that changed his attitude – and his life – for the better. Within two years, Sam went from sleeping on the floor to achieving dreams he once thought impossible.

Sam's ability to pull positivity out of adversity has led him to become the leading voice on the topic of attitude as it relates to being a leader, dealing with change, cultivating a culture of engagement, improving customer service and improving your personal and professional development. Over the years, Sam Glenn has been the "go-to" resource for hundreds of organizations where positive people engaged in positive action are valued.

Sam and his wife and two girls reside in Carmel Indiana.
