

CHECKLIST for SAM GLENN's Art Performance

PAINTING Supplies "You Will Need Grab"

- Please allow **30** minutes for sound check and art set up. If everything is ready to go – on site, this process goes much faster . (**Please schedule this time/room/contact name and cell with Sam's office – contact@samglenn.com**)
- Secondary contact if you need to reach us with questions: Sam@SamGlenn.com
- If you have any questions, please email or call us and we and we can walk you through any questions you have. In the end, you will have an amazing piece of art worth millions dollars...according to Sam (his insurance guy respectfully disagrees).

CHECKLIST for Sam Glenn's Art Performance

1. ____ **(2)** bottles of water for Sam to drink during his speech. (They don't have to be cold)
2. ____ **(1)** 8 foot table (on stage or where Sam is speaking) **this is for his paint.** *If you do not have an 8ft. table, 6ft also works.
3. **(1) VERY STURDY flip chart stand or easel stand. Must be very sturdy to hold a 36x48 size canvas.**

SEE Display example:

(Most hotels and meeting locations have flip chart stands and easel stands on-site. If you are not able to obtain one, then Sam will need an additional 6 or 8 foot table with 2 folding chairs and Sam will create an easel stand out of those items.)

- ____ **You will need to purchase a 36x48 minimum size canvas and paint it black or order a pre-painted black canvas online.**
- Locations to buy the white canvas (and then you will have to paint it black): HOBBY LOBBY OR MICHEALS.
- **OR - Best Option:** You can order an already painted black canvas here: www.WholeSaleArtsFrames.com
ORDER MIN SIZE 36X48 OR BIGGER – STRETCHED CANVAS, BLACK.

Art Canvas Pic for Example:

NOTE: Canvas will have to be painted black before Sam arrives unless you order a pre-painted one online, then you can skip this step.

4. ___ Minimum (2) painting tarps from the hardware store or Walmart.

Best sizes: 12x15 size works best or around that size. It doesn't have to be

exact.) **Better safe than sorry when it comes to catching paint. We like to be safe.**

5. ___ (2) folding chairs or event chairs in front of room by the 8 foot table

6. iPod HOOK UP for Sam's music located on stage or where Sam Glenn is presenting.

7. Handheld microphone for speaking - **turned up, low bass. It should NOT sound like a WEDDING DJ.** ☺ (No headset mics)

Examples of Final Look

8. If the lighting is average, poor or you are unsure – please pick up a LED work light at any local hardware store or Walmart. This will brighten the painting as Sam paints – so people in the back can see what is being done. Or speak with event location to see if they can provide one. If you have stage lighting, then do not worry about this. If it's a smaller meeting at an off site – play it safe and get one or ask the event location if they have one.

9. (1) 8ft. table placed right outside of the room where Sam will be speaking.

Questions and Answers.

1. Sam brings his own paint.
2. Sam will set everything up at sound check, so please ensure a good time when minimal people are around. If everything is ready to go, on-site – sound check and set up goes really fast.
3. The artwork will belong to you and is ready to hang. To make it pop a little more, Sam suggests a high gloss mod podge – you can get this at any Walmart or any craft store. Once the painting is dry, just apply a thorough layer of this with a paint brush or sponge brush and it will bring out the vibrant colors in the artwork.

VERY IMPORTANT:

Please do not post any promotional pictures or links to videos of Sam performing his art if you are promoting your event. You do not want to spoil the surprise of the painting by showing them the painting before hand. Keep the art a fun surprise. Also, this is why we post minimal videos or pictures of Sam performing his art online.

It seems like a lot, but trust us – it's worth it!! Let's have some fun!!! – Sam Glenn
